

# ENJOY YOUR FIRST CLASS

# BREATHTAKING INTERIOR AND EXTERIOR DESIGN

Design luxury lies in the elegant touches on the brown leather seats of the Luxury trim and the gray seats of the Premium trim, offering the owner a sense of luxuriousness and comfort. The sleek dashboard ensures smooth access and control over advanced technologies, enhancing the overall driving experience.

The interior of the Tiggo 8 Promax stands out with its aesthetically pleasing multi-color ambient lighting, which can be adjusted at any time to match the owner's varying moods.

The exterior is adorned with sparkling LED lights that not only enhance the vehicle's enchanting appearance but also guide the driver through the darkest of spaces.

## THE PERFECT CHOICE FOR LONG LEISURE TRIPS

The Tiggo 8 Pro Max features a panoramic sunroof that allows passengers to enjoy their journeys, whether around the city or amidst breathtaking nature. With spacious luxury, it ensures smart storage solutions and convenient amenities, making long-distance travel an ideal experience.

## EXEMPLARY DESIGN FOR PRACTICAL USE

The Tiggo 8 Pro Max features a sporty, multifunctional steering wheel with a flat-bottom design, balancing both sporty and luxurious elements. Leather wrapping and a streamlined geometric design were used to create a practical wheel with a firm grip and solid hold.

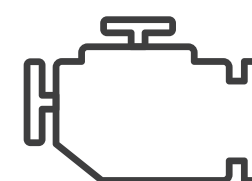

## GUARANTEED SAFETY AND EFFICIENT TECHNOLOGY

### POWER AND PERFORMANCE THAT SURPASS ITS COMPETITORS

All trims of the Tiggo 8 Pro Max are powered by a 2.0-liter turbo engine producing 254 horsepower, coupled with advanced driver assistance systems and an all-wheel-drive system that adapts to rough roads and various terrains. Additionally, it features 18-inch wheels and an electronic gearshift lever, offering a stronger and smoother driving experience.

### UNMATCHED SAFETY FEATURES AND STRUCTURE

The high-strength chassis of the Tiggo 8 Pro Max, with dimensions of 472018601705, is equipped with an advanced driver assistance system, including a forward collision warning system. This system works by alerting the driver of potential danger and preparing to activate the automatic braking system to avoid any accidents, God forbid. Additionally, the vehicle is equipped with front airbags for both the driver and passenger, side airbags, and a driver's knee airbag, all designed to prevent hazards and reduce the risk of potential injuries.

## ADVANCED DRIVER ASSISTANCE SYSTEM FEATURES

- TJA traffic congestion assistance
- LDW lane departure warning
- LKA lane keeping system
- ICA integrated cruise assist
- BSD-blind spot monitoring
- RCTA-rear cross collision warning
- ICA integrated cruise assist
- DOW-Door opening warning
- IHC-Intelligent High Beam Control
- ACC adaptive cruise
- FCW front collision warning
- LDP-Lane Departure Suppression
- ELK-Emergency Lane Keeping
- RCTB-Rear Cross Traffic Braking

## TECHNOLOGICAL LUXURY

with a dual, 24.6-inch panoramic smart display and a 12.3-inch central screen, the driver can easily enjoy and navigate through a range of features including navigation systems, entertainment options such as radio and Bluetooth, and mobile screen mirroring supporting both Android and iOS. It also offers a 50-watt fast wireless charger, a driving recorder, and electric side mirrors.

The sound luxury in the Tiggo 8 Pro Max, equipped with 8 Sony speakers, takes you to another level. With a voice control system that integrates with ambient lighting and an acoustic windshield, it delivers an unparalleled, extraordinary audio experience for all passengers.

## RELAXATION LUXURY

The aviation-grade leather seats are equipped with advanced technology that ensures a refreshing experience for passengers through an air conditioning and air purification system, including ventilation in the summer and heating in the winter. Additionally, the seats feature 6-way electrical adjustments, along with an 8-inch LCD display air conditioner.

# LUXURY IN ITS DETAILS WITH PREMIUM TRIM

## WHEREVER YOU ARE, THE TIGGO 8 PROMAX IS AT YOUR SERVICE

The fundamental difference in the premium category lies in the new car internet system, which consists of two main services: remote control and updates, accessible via a mobile app, and online entertainment, which can be accessed through the main screen

## REMOTE CONTROL FEATURES:

Vehicle information inquiry (low oil level alert – lock status alert – tire pressure deviation alert – high temperature alert – air conditioning status check – rear gate and windows)

Vehicle function control (engine start – find my car – lock control – air conditioning control – door control – sunroof control – electronic fence for theft prevention – basic map service)
