

The Perfect Balance Of Practicality And Technology

Design That Turns Heads

The Arrizo 5 speaks for itself—with a look that's both modern and full of character. Its bold front grille and elegant chrome touches bring out its confident style, making sure it stands out wherever it goes.

LED headlights light the way with clarity and class, while the 16-inch alloy wheels add just the right touch of sportiness and grip, keeping every drive steady and smooth.

A Cabin That Reflects Your Style

Step inside the Arrizo 5, and you'll feel it—every detail is made to fit your vibe. From the sleek leather seats to the center console with a comfy armrest and handy storage, it's all about making every drive feel just right.

- A 3.5-inch central screen puts everything you need within reach
- A 4-speaker sound system that turns every trip into a vibe
- Steering wheel controls keep things smooth and easy
- Powerful A/C with rear vents means everyone stays cool and comfortable

Performance That Matches Your Ambition

Take the wheel and feel the difference—smooth control meets smart design in a cabin built for confident driving. Every button and detail is right where you need it, giving you a sense of command that turns every challenge into just another part of the journey.

1.5L engine delivers responsive power and a drive that feels effortless

9-speed CVT for seamless gear shifts and a smoother ride

MacPherson front suspension and torsion beam rear keep things stable and comfortable, minimizing bumps and vibrations along the way

Complete Safety, Every Drive

At Chery, your safety comes first. That's why the Arrizo 5 is equipped with advanced protection systems—so you and your loved ones can enjoy every journey with peace of mind. It's safety you can count on, with smart features designed to keep you confident on the road.

- Dual front airbags for added protection
- Advanced safety systems including Electronic Stability Program (ESP), Emergency Brake Assist (EBA), and Traction Control System (TCS) to keep you steady and in control
- Anti-theft system to help protect your vehicle wherever you go
